

Friday, 6 November 2009

We began using Triple Kay Property Management to manage our rental portfolio in 2007. Having owned rental properties since 1999, and after trying to firstly manage them ourselves and then giving them to various property managers, we despaired that we would ever find a firm who actually cared about our interests, as well as those of the tenant.

Keys and Irini have been highly professional in all their dealings with us and our tenants, and we cannot fault their service. It has been an absolute godsend to us to find managers who do what they say they are going to do; who keep in contact with us at all times; and whose tenant selection has been second to none - including our own.

I have recommended Keys and Irini to several of my friends who also have rental properties and the feedback I have had is brilliant.

I would never use another property manager, as there simply doesn't appear to be any other firm who could come close to offering the level of service they do. The peace of mind we have gained has been absolutely invaluable.
